

2010 PASA FALL MVA COMPETITION

PASA is proud to offer a Most Versatile Aussie Award to recognize the dog which best combines the attributes of trainability, desire and ability to work livestock, and faithfully represents the breed standard. In order to qualify for this award, the dog must receive a qualifying score in a regular stock run, a qualifying score in a regular agility class or a qualifying score in a regular obedience class (this being the performance score). The dog also must enter in the breed standard evaluation by Senior Breeder Judge Ken Silveira at the Stockdog Trial. We will offer Agility and Obedience at the Western Roundup in Prunedale, September 18/19. The Stockdog Trial will be at Fiona's Farm in Brentwood, October 2/3. The dog with the highest points overall will win the Award. All dogs must have an ASCA registration number. No LEP registrations will be allowed. Bitches in heat can compete. Dogs may be intact or altered. The points will be awarded as follows:

Conformation Evaluation: 90 points possible. We will use the national evaluation as a guideline.

Stockdog score: The highest qualifying score from the Started, Open or Advanced classes will be used to compute MVA points. Additional qualifying scores will earn 5 points. Advanced scores will be the score + 6% of the score. Open scores will remain the same as will Started scores.

Obedience score: The highest qualifying score from a regular class will be used to compute MVA points. A qualifying Utility run will have 3% of score added. Open and Novice scores will remain the same.

Agility score: Only Regular Agility, from the standard, veterans or junior division will qualify. Points for MVA will be awarded as follows: 195 for qualifying clean Elite run, 190 for a qualifying faulted Elite run, 185 for a qualifying clean Open run, 180 for a qualifying faulted Open run, 175 for a clean Novice run and 170 for a qualifying faulted Novice run.

The highest score from one of the performance events will be used to compute the MVA points. All other qualifying runs in either of the performance events will be worth an additional 5 points.

Therefore, each dog's total points will consist of three parts: the conformation evaluation, a stock score and a performance score.

The cost of entering this competition is \$20.00, to be included in your agility or obedience entries.

If you have any questions, please call Fiona Hibbard at (925) 437-0078
