

# Conformation Shows 2008

**On August 9/10 2008 Peninsula Australian Shepherd Association (PASA) put on three conformation shows It was very successful. The weather was lovely (it was getting hotter on Sunday, so a fast judge helped!) On that subject, ALL our judges were timely and stayed on schedule. We didn't run late for any of the shows! The BBQ was good, the grounds were very nice and the atmosphere was fun! Everyone did their job well, whether it was behind the scenes or up front. Our 'hand selected' awards were a big hit! People asked more than once if we were planning more shows!**

**The photo set up was well received, I have other ideas for other 'seasonal' photo set ups.**

**Everyone on the committee deserves a pat on the back and to everyone that supported the show, a big THANK YOU!**

**The only stress was those needing to use the restrooms after arriving Saturday morning.... which were locked! We kept the door codes for the bathroom combination locks, so next time we don't have to track someone down and wake them up to get the restrooms open!**
