

PASA January 10-11, 2026, agility trial at WAG
POST AGILITY TRIAL SURVEY RESULTS

Q1: Did you have fun at the PASA agility trial at WAG January 10-11, 2026?

Yes	18
No	1

Q2: Were the people friendly and did you feel welcome?

Yes	17
Not sure	1
No	1

Q3: Did you like the courses?

Yes	18
Not sure	1
No	1

Q4: Was the judge friendly and helpful?

Yes	17
Yes, some of the time	1

Q5: Will you tell your agility instructor about your experience at this trial?

Yes	16
No	1

Q6: Are you likely to enter PASA agility trials in the future?

Yes	17
Maybe	1
No	1

Q7: What could we have done to improve your experience at this trial?

Yes, I did feel welcome and, for the most part, people were friendly. However, I think we could do a better job of welcoming new folks. Yes, they are identified during the morning briefing. However, how many of us make it a point to go speak to them and welcome them to the trial, ask them if they have any questions, check to see if they have questions about walking the course or the ASCA rules. Perhaps a few PASA members could act as a "welcoming committee" to greet the new folks and check in with them over the course of the weekend to be sure they are welcomed.

You did it. Access to stalls at WAG in the winter is huge! Because the other side, in the dark and dungy isn't really attractive at all!

Not be hounded to work classes you are running in while what appeared to be club members sat on the sideline , not be hounded to set bars while walking a course , they can be set as people leave Course builders that are more available, never like seeing a judge course build What appeared to be club members questioning the judges courses and having equipment moved after people were done walking

Warmer weather

For me I thank you all for going over and above and putting on a great trial!

Trial moved too slow. People need to be encouraged to be on the line when the dog ahead finishes.

Hire judges who understand dog lines and embrace larger spacing

Nothing. My first trial at your venue. It was one of the best well run trial. All the people where so welcoming .

Better contact equipment. It was poorly textured and slippery.

Nothing, it was great!

Move things along faster, particularly on Saturday. Sunday pace was much better

Q8: Do you have any other feedback to share with us?

It would be very nice if there was a pot of hot water and tea bags available, in addition to the hot coffee in the mornings. I appreciated the use of the microwave as I could reheat my tea that I picked up at Starbucks on the way to the trial site. However, it would have been nice to have a fresh cup of hot tea throughout the day.

Cynthia, what a force on sign ups! Great idea with the gifts. A small club that obviously cares to be fun and about growing! So appreciate the hospitality with meals as well. Feedback on the courses: (a) First one was tight, but it went from tight to wider and poses the challenge of going from extension to collection which is good, (b) loved how it opened up in some classes as well to use almost the whole ring and (c) interesting courses. I would say that one downside was the 90 degree entry to contact obstacles in several situation but really appreciate those who spoke up to make it safer!!! Love these changes/improvements we're making to the ASCA courses! I enjoyed these courses...every single one of them. But, did not care for the same opener in multiple gambles.

The lunches were nice. The judge was very nice as were her courses

Thank you all!!

Love you all!!!! Thank you for all the work it takes to put on a trial!

I will be back and bringing more friends.

The hot lunch option was very nice and welcome. I liked the location of this venue.

Thank you for all your hard work running this trial.

I left early sick

POST AGILITY TRIAL SURVEY RESULTS

Q7: What could we have done to improve your experience at this trial?

Saturday ran rather late. We need to brainstorm ways that may help with finishing earlier. (if there are anything more that can be done)

I loved the chairs all in a row in front of ring.. people could sit down and chat ... getting more Qs.. Mona not taking what I wanted in NQ raffle .. but all seriousness I love the PASA shows ..

Make walk through announcements loud and clear and timely, and consistently timed.

Less mud!

Can't think of anything

Margarita machine

I thought it was a very nice trial, and everyone was friendly and helpful and it was exciting to see so many new faces. People were kind to their dogs, at least that I saw, and supportive of one another. Thanks to all of you for this. I didn't like the courses, or at least I didn't like pieces of them, because of the angles and how crunchy some of them were. Other portions I was okay with.

I think having back to back gambles makes the trial go slower. Just my opinion. I think you need more strong course builders, hopefully those from our club can attend more frequently. Good was spectacular and I believe it was truly drama free. Thanks Cynthia

Nice friendly atmosphere. I have come previously and felt a bit uninvited, not this time. Of course Helen always is warm and welcoming which made me come back. Cynthia was accommodating to fix the run order for both my 16" dogs. Thank you for a fun weekend with my dogs.

Judge easily got distracted and was a very social creature thus delaying first dog on the line. Count down clocks for walks we're used often to keep things moving. Felt really bad for novice dogs Sunday because the Judge left before they ran. Time management of Judge would be nice to see

Give people a chance to make it to the start line if they crated in the car. I think the yelling and shouting and threatening disqualification was a little much. We even stopped walking the course early so we could be on time. Also had no idea that the first person in line scratched which bumped me to first.
