Q7: What could we have done to improve your experience at this trial?

Saturday ran rather late. We need to brainstorm ways that may help with finishing earlier. (if there are anything more that can be done)

I loved the chairs all in a row in front of ring.. people could sit down and chat ... getting more Qs.. Mona not taking what I wanted in NQ raffle .. but all seriousness I love the PASA shows ..

Make walk through announcements loud and clear and timely, and consistently timed.

Less mud!

Can't think of anything

I thought it was a very nice trial, and everyone was friendly and helpful and it was exciting to see so many new faces. People were kind to their dogs, at least that I saw, and supportive of one another. Thanks to all of you for this. I didn't like the courses, or at least I didn't like pieces of them, because of the angles and how crunchy some of them were. Other portions I was okay with.

Q7: What could we have done to improve your experience at this trial?

I think having back to back gambles makes the trial go slower. Just my opinion. I think you need more strong course builders, hopefully those from our club can attend more frequently. Good was spectacular and I believe it was truly drama free. Thanks Cynthia

Nice friendly atmosphere. I have come previously and felt a bit uninvited, not this time. Of course Helen always is warm and welcoming which made me come back. Cynthia was accommodating to fix the run order for both my 16" dogs. Thank you for a fun weekend with my dogs.

Judge easily got distracted and was a very social creature thus delaying first dog on the line. Count down clocks for walks we're used often to keep things moving. Felt really bad for novice dogs Sunday because the Judge left before they ran. Time management of Judge would be nice to see

Give people a chance to make it to the start line if they crated in the car. I think the yelling and shouting and threatening disqualification was a little much. We even stopped walking the course early so we could be on time. Also had no idea that the first person in line scratched which bumped me to first.

Q8: Do you have any other feedback to share with us?

I know there is a learning curve for new people doing gate .. but sometimes the communication between gate person and handlers gets a little confusing 😊 and If they could call out the order for the next 5 dogs, it would be awesome 🙌 😊 😊 😊

We need to have a better orientation for new volunteers for scribe, timer, leash etc

Had a great time thank you!

I thought your outreach and communication with everyone was great. I couldn't stay till the end but I thought the little invitation to stay and help load the trailers was a stroke of brilliance. Cynthia was super helpful and flexible and cheerful throughout. Thank you!
